

Mafia

Task 1

You are a henchman of a mafia boss. He ordered you to collect tribute from small businesses in the neighborhood. Check file “mafia_henchman_init_data.clj”. Use **head-recursion** to calculate the sum of tribute.

Task 2

You are a mafia boss. Check file “mafia_boss_init_data.clj”. Use data about your henchmen and **tail-recursion** to calculate the sum of tribute they brought you.
